## From the Desk of the CEO

You have to look for the good in the bad, the happy in the sad, the gain in your pain, what makes you grateful not hateful. Pretty much sums up 2020, right? Although this was not the year we had imagined, I want to reflect on the good that transpired in 2020 on the Eventide Campus. We celebrated many special birthdays, anniversaries, and made the best of each holiday. We brought daily laughter and smiles while everyone worked hard to make the best of the given situation. We certainly grew as a team. Team members took on new duties and disbursed to new roles. Creativity was high on many levels. The team and residents did their best to adapt to rapid on-going regulations changes. We had excellent governmental surveys. We experienced an overwhelming amount of support from many community and family mem-

bers. How to ensure safety in long term care facilities became a top priority nationwide. We started construction on the new skilled nursing facility which is quickly taking shape. A vaccine is showing promising results as a step of bringing this pandemic to an end.

By no way am I saying it has been an easy year. It has been far from it. We know how this year has affected those we serve and their families. As you all know too well, the government restricted many from entering our facilities which has been very hard on all sides. Certainly, we all had our days of tears and frustration...but we pull each other back up and continue to move on in the best way we can. It has been difficult, yet we did not give up.

This year has made me realize even more, those individuals who have dealt with the most painful situations gen-

erally adapt more quickly and easily. Why? Because they are grateful for the things they do have and realize how fast something can be gone. It is not about age, but rather what we have experienced in our lives. Of course, the older one is the more experiences they are likely to encounter. Because of that, our residents just amaze me with their resilience. To hear their stories certainly has made me appreciate the little things in life and to keep looking for the positive in any given situation. There is nothing as inspiring as seeing the world through the eyes of someone who is determined to see something good.

In 2021, I encourage individuals to focus on appreciating the good things we have in our lives. The world can certainly use less negativity. Let us take things in stride and continue to move forward.

## Naming Opportunities Still Available

### By Christine Kragel, Community Relations & Foundation Director

A year ago today we were able to announce that we reached the Grow Bold With Us capital campaign goal of 3 million dollars! Since then, fundraising has continued, pledges have been fulfilled, and the verbal support has spread. As a non-profit our fundraising is and will continue to be a constant goal and effort as we work to build the best Eventide Campus programs and facilities.

Although things have settled down, the Grow Bold With Us campaign still offers donors an excellent way to give back. On top of the potential tax benefits, a contribution gives families and friends an opportunity to honor their loved ones and establish a family leg-

acy in a special and lasting way. For businesses, there is no better marketing tool than showing the community the values and mission strength of your company by supporting local non-profits and the seniors of our community.

As you meet with your tax professional in early 2021, consider one of the remaining naming opportunities available through the Grow Bold With Us capital campaign.

Gifts of all sizes are much appreciated and essential to the success of this community supported capital campaign. Main Street in the new nursing home will boast a donor wall to recognize donations of \$2,500 or greater. All donations will be published in the Eventide Events newsletter and web-

site. For more information on supporting the Eventide Campus, give me a call at (712) 263-3114, ext. 240! Thank you for your consideration!

## Holiday Tradition Passed On to Silveridge

A little piece of history lives on at Silveridge Assisted Living thanks to the donation from Cronk's Restaurant and Lounge and the Skoog Family. This tree has filled the Angus Room with Christmas spirit for years, and the Silveridge tenants are loving this joyous addition. Thank you for thinking of us and allowing us to enjoy this piece of history for years to come.

# Silveridge Assisted Living Celebrates 10 Years!

### Submitted by Kara Webb, RN, Director of Assisted Living

On the cold and flurry-filled January 10th morning in 2011, Silveridge officially opened to the public! Labor behind it, of course, began long before that. The Eventide Board of Directors and CEO, Mindi Baker, had poured themselves into a vision that provided the community with a beautiful home-like facility for seniors who might be needing to transition from their independent setting but did not need full-time nursing care. After approximately 4 years of planning and another year of construction, their vision became a reality.

I have been blessed enough to work at Silveridge since that opening day. My roles have changed over the years, but my love for Silveridge is unwavering. I can still remember walking through the doors for my first 2-10 shift that afternoon, the smell of fresh carpet and new construction meeting me. We had 2 tenants to care for originally, so much of those first few shifts were spent cleaning, organizing and trying to make those first tenants feel at home.

As time progressed, the apartments filled. On December 18th, 2013 we received a deposit for our last available apartment and were officially fully occupied for the first time in just a little under 2 years. That moment sure brought a sense of pride and accomplishment. We knew we had a wonderful program here at Silveridge, but the word was spreading to the community and it was showing.

We have seen so many wonderful tenants come and go through our doors since then. What is unique about Silveridge is how it feels very much like a big family. Typically, by suppertime on the first night after a tenant moves in, they are welcomed by other tenants and already

making friends. Tenants are sometimes surprised by move-ins, often getting to reconnect with past acquaintances or even distant family. I'll never forget the first night for a particular tenant who sat at the supper table after moving in and began to visit with those around her, only to realize the person sitting next to her was a childhood friend with whom she had walked to country school with every day almost 80 years before. So many giggles erupted from the table that evening. It is a memory that will stay with me forever.

Along with the tenants, our staff have been an incredible staple here through the years as well. Two of our staff have been here since day one, while another two began just a month later. These four staff members are a testament to the level of dedication and passion we have for our tenants. The rest of the team that have joined us over the years, truly make Silveridge a wonderful place to live and work. The definition of a team is 'a group of people who come together to achieve a common goal'. Silveridge staff embrace the meaning of that word and join forces each day to provide the best care we can for our tenants.

When I reflect on the past 10 years there really is one main thought that comes to mind... blessed. We have continued the original vision for Silveridge throughout this journey so far and look forward to providing care for our area seniors in the years to come. Not just today, but we often reflect on those who have come and gone. We miss them. They have each touched us in their own special way and were such an integral part of making Silveridge what it is today. We are incredibly thankful for our wonderful tenants, their supportive families, and our Silveridge team and look forward to rocking the next 10 years!

## Hello 2021!

Submitted by Robin Schiltz,  
Eventide Activity Director

I must say, as I am writing this, not much has changed this long year of 2020, but hopefully, we are getting a little closer to the light at the end of the tunnel? We need to take this time and reflect on all of the good things that happened in 2020, no matter how small they may have seemed at the time, there are always things to be grateful for!

I am very grateful for all of the support we have received from families, community members, clergy, volunteers, and various groups in Denison. Thank you all so much for your services, words of encouragement, and donations. They are all greatly appreciated!

I also want to give a shout out to our staff and Administration, for pulling together as one; spending hundreds of hours filling in where needed, losing oodles of sleep, encouraging each other when we become overwhelmed or exhausted, and coming back day after day to continue taking care of our elders! We are Eventide Strong, and we will tackle COVID as a team!

As for upcoming activities, we fly by the seat of our pants these days, and are doing anything we can to entertain, engage, and care for our people. Stay tuned to facebook for all of our goofy endeavors! I am going to leave you with a little 2020 humor.

1. The most useless thing I ever bought was a 2020 planner.
2. I was so bored I called Jake from State Farm just to talk to someone. He asked me what I was wearing.
3. 2019: Stay away from negative people, 2020: Stay away from POSITIVE people.
4. The world has turned upside down. Old folks are sneaking out of the house, and their kids are yelling at them to stay indoors!
5. This morning I saw a neighbor talking to her cat. It was obvious she thought it understood her. I came into my house and told my dog. We both laughed a lot!
6. Every few days try your jeans on just to make sure they fit. Pajamas will let you believe all is well in the kingdom.
7. Does anyone know if we can take showers yet, or should we just keep washing our hands?
8. This virus has done what no woman has ever been able to do. Cancel sports, shut down all bars, and keep men at home!
9. I never thought the comment, "I wouldn't touch him or her with a 6-foot pole" would become a national policy, but here we are!
10. Never in a million years could I have imagined I would go up to a bank teller wearing a mask, and ask for money.

*Happy New Year everyone! Stay safe, wash your hands, wear your mask, and 'don't worry, be happy'!*

## Simple Step to Keep Mind & Body Active

By Traci Preul, Therapy Director

Have you ever lost your car in a parking lot?

Have you used your keys to find it?

That is a cue to help you remember where it is.

In this different time of social isolation, it is difficult to be able to keep our bodies and minds active.

You can use that same idea of finding your car in the parking lot with memories, to make the brain work and in turn makes the body work.

When you have a conversation with someone, during this time of Covid isolation, it could help to jog the memory. Taking notice of a picture in the room, a painting on the wall, asking about family or what they used to do for a living helps to jog the memory. It increases activity of not just the brain, but also the body.

This can be very beneficial to the older population and bring a flood of memories to them.

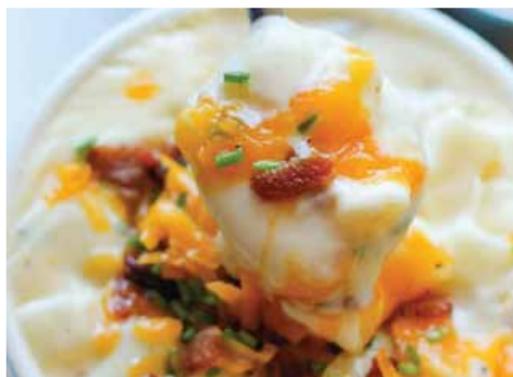

All memories can be tied together like talking about a past career, what time they had to get up in the morning, making meals, and traveling, taking care of kids or grandkids. All of these memories can trigger them to do simple things such as to eat, get dressed, and go to the bathroom.

So, stopping by to have a short conversation with someone can help make the brain work and unlock memories. This can help with additional things like being able to motivate someone to brush their teeth, comb their hair, get dressed in the morning, make a meal or walk around their house.

### Loaded Baked Potato Soup

#### INGREDIENTS

- 4 slices bacon, diced
- 5 tablespoons unsalted butter
- 1/4 cup all-purpose flour
- 3 1/2 cups milk, or more, as needed
- 3 russet potatoes, peeled & cubed
- 2 green onions, thinly sliced
- 1 cup shredded cheddar cheese
- 1/2 cup sour cream
- Kosher salt and freshly ground black pepper, to taste

#### INSTRUCTIONS

1. Heat a large skillet over medium high heat. Add bacon and cook until brown and crispy, about 6-8 minutes. Transfer to a paper towel-lined plate; set aside.
2. Melt butter in a large stockpot medium heat. Whisk in flour until lightly browned, about 1 minute. Gradually whisk in milk, and cook, whisking constantly, until slightly thickened, about 1-2 minutes. Stir in potatoes and green onions.
3. Bring to a boil; reduce heat and simmer until potatoes are tender, about 15-20 minutes. Stir in cheese, sour cream, salt and pepper, to taste. If the soup is too thick, add more milk as needed until desired consistency is reached.
4. Serve immediately, garnished with green onion, cheese and bacon, if desired.

## Make a Difference

by Mindi Baker, CEO

As the responsibilities of your daily life pull you in many different directions, it is easy to forget about the bigger picture of what is going on in your community, city, state and world. But giving back is among the most important and valuable thing a person can do. Giving back is where you give, and you get nothing in return. No recognition, nothing tangible gets sent your way. Your biggest and sole reward is the realization that you have made a significant or positive change in someone's life. In times, one of the most rewarding reasons to get involved in your community is to set a good example for your kids. It is important that your kids are comfortable getting out in the community, helping others and supporting the groups they believe in.

You do not have to make a big financial or time commitment to make a big difference in your community. Something as easy as a simple gesture goes a long way in someone's day. At the Eventide Community, we are grateful for our donors and volunteers who unselfishly give back. In times of greatest need, our employees pull together to offer each other support. You can do many small things throughout the year to support the people and programs that need help surviving and serving the less fortunate. So, as we approach 2021, find something that matters to you and get involved in making a difference in your community. The reward for your selfless acts can be a beautiful thing to both you and your community.

### 'Tis the Season

Residents kept busy this season by decorating trees, crafting, listening to holiday music and watching their favorite Christmas movies! At Eventide, Santa Claus paid a visit to residents – all of which were on the nice list of course! Thank you to all those who helped spread holiday cheer throughout the Eventide campus by dropping off gifts and video conferencing your loved ones! On behalf of all employees, thank you for thinking of us as well. We appreciate the well wishes, the snacks and even gift cards! Your support means so much to us!

# DONATIONS

## EVENTIDE FOUNDATION

The Eventide Foundation is a non-profit, tax exempt charitable corporation formed to collect gifts of money and assets to help off-set the expenses of caring for the elderly. Funds collected by the Foundation are used to supplement the increasing costs of personal care and to provide amenities to residents that would not otherwise be available. As you plan your estate and gift endowments, we ask that you consider a gift to the Eventide Foundation. A contribution to the Foundation allows us to provide a fuller quality of life to our residents. The Foundation needs your help to continue the work of Eventide and to ensure that each of the residents can live out their life without loss of dignity or respect. We sincerely appreciated all the gifts that have been designated to the Eventide Foundation! The following list reflects gifts received during the period of September 26, 2020 through December 21, 2020. In publishing a list of so many names, it is possible that we may have misspelled, omitted or otherwise listed your name incorrectly. If so, please notify the Foundation office at (712) 263-3114 so that we can make the necessary corrections. Thank you.

## EVENTIDE FOUNDATION ENDOWMENT FUND

When you donate to a permanently endowed fund at a qualified community foundation, you are not only helping your neighbors today — you are building a stronger community tomorrow. And while that in itself is rewarding, with Endow Iowa, you will also get back for giving. You will be eligible to receive a 25% tax credit for each donation, in addition to any federal tax benefits you may qualify for. Contact the Omaha Community Foundation at (800) 794-3458 for more information on how Endow Iowa is helping donors do good works within the community, forever. If you are interested in donating, please make checks payable to the Eventide Foundation Endowment Fund and send them to The Omaha Community Foundation at 302 South 36th Street, Suite 100 in Omaha.

## Laughter Fills the Halls

We have determined that laughter has been essential to the survival of 2020. COVID-19 has certainly caused our employees to get creative in more ways than we can imagine. Making our residents laugh is the best way to share our creativity!

# Resident Rights

**Planning and Implementing Care:** The resident has the right to be informed of, and participate in, his or her treatment, including:

- The right to be fully informed in language that he or she can understand of his or her total health status, including but not limited to, his or her medical condition.
- The right to participate in the development and implementation of his or her person-centered plan of care, including but not limited to"
  - The right to participate in the planning process, including the right to identify individuals or roles to be included in the planning process, the right to request meetings and the right to request revisions to the person-centered plan of care.
  - The right to participate in establishing the expected goals and outcomes of care, the type, the amount, frequency, and duration of care, and any other factors related to the effectiveness of the plan of care.
  - The right to be informed, in advance, of changes to the plan of care
  - The right to receive the services and/or items included in the plan of care
  - The right to see the care plan, including the right to sign after changes to the plan of care.
